

# One Of The Lonely

It's Saturday night  
You're in the karaoke bar again  
Another Saturday night  
You're in the karaoke bar with no friends

And, like Roy Orbison sang  
You're one of the lonely

You wander round town  
Pretending to be on the 'phone every day  
Talking to yourself  
There's never anyone to hear what you say

And, like Roy Orbison sang  
You're one of the lonely

Blue Suede Shoes  
And Heartaches By The Number  
They speak to you

And, like Roy Orbison sang  
You're there every weekend  
You're one of the lonely
