

# Shine Shine Shine

Shine shine shine in the summer  
Summertime

Wave your hands up in the air  
Swing your pants and move your body  
Shake your arms and shake your hair  
'Cause there's going to be a party

Shine shine shine in the summer  
Summertime

Clap your hands and stamp your feet  
Tell your neighbours - 'Get a move on'  
There'll be dancing in the street  
Lose your blues and get your groove on

We're lazing in the sun now  
Lazing in the summer sun  
Lazing in the summer
