

## Sing To Me

They're moving on  
Even though they'll never cope inside their madness

And when they've gone, I'll still be here  
But that's alright; it's how I planned it

So, sing to me  
Just sing to me  
I'm feeling lonely

If Life's a dog, then I'm a flea  
And that's the only way they'd have it

So, sing to me  
Just sing to me  
I'm feeling lonely

Leaving me  
They're leaving me...
