

## The Same Man

Looking for the failure in my eyes again  
You're looking for the failure in my eyes again

It's so hard to see you with everyone around you  
It's been so hard to see you with your 'friend'

Looking for the failure in my eyes again  
You're looking for the failure in my eyes again  
Sometimes, on a good day, I can still pretend  
That my heart's not aching from the pain there  
As much as I've been changing, I'm the same man

It's so hard to see you with everyone around you  
It's been so hard to see you with your 'friend'

Don't you call  
I can't bear your sympathy  
Don't you call me
